EDUCATION

Aditya University

Master of Computer Application; CGPA: 8.80

Andhra Pradesh, India

2024 - 2026

Sri Venkateswara Degree College

Bachelor of Commerce ; CGPA: 7.0

Andhra Pradesh, India

2019 - 2023

Master Minds

Intermediate – MPC; CGPA : 9.67

Andhra Pradesh, India

2017-2019

Sri Samskruti School

SSC: CGPA : 9.8

Andhra Pradesh, India

2016-2017

SKILLS SUMMARY

- Programming Languages:** Java, Python (Basics), JavaScript (ES6+),
- Frameworks & Libraries:** React.js, Node.js, Express.js, Bootstrap
- Databases & Tools:** MySQL, MongoDB, SQL
- Platforms & IDEs:** Jupyter Notebook, PyCharm, Visual Studio Code, IntelliJ IDEA, Git/GitHub
- Other Skills:** REST API Development, CRUD Operations, Data Visualization, Responsive Web Design
- Soft Skills:** Communication, Team Collaboration, Leadership, Problem-Solving

INTERNSHIPS

FULL STACK DEVELOPER INTERN | Technical Hub

27-06-2025 to 26-08-2025

- Developed and deployed full-stack web applications using the MERN stack, enhancing system performance and usability.
- Built RESTful APIs for employee management and property tracking with smooth CRUD operations and real-time data handling.
- Implemented authentication, form validations, and file uploads, ensuring secure and reliable user interactions.
- Developed responsive UI components with React, Bootstrap, and CSS, improving accessibility and mobile-friendliness.
- Collaborated with a team of 4+ developers to deliver dashboards, reporting features, and complaint management modules.
- Created Etrack – a real-time device monitoring platform enabling colleges to track, manage, and resolve issues efficiently.

PROJECTS

ETrack – College Property Management System | [Visit here](#)

- Developed a **MERN stack system** to manage assets across floors, wings, rooms, and devices.
- Enforced modules for **Admin, IT Team, and Students** with role-based access.
- Integrated **real-time complaint tracking and notifications** using Web Sockets.
- Planned a **Building Map visualization** to display property structure and device distribution.

Groomax – Pet Grooming Website | [Visit here](#)

- Created a **pet grooming booking platform** with slot selection and appointment management.
- Built an **admin module** for viewing and deleting customer bookings.
- Implemented **local Storage-based data persistence** for booking records.
- Designed a **responsive UI** using HTML, CSS, and JavaScript for better usability.

CERTIFICATIONS

Full Stack Developer (Technical Hub) | [CERTIFICATE](#)

- Completed hands-on training in the **MERN stack (MongoDB, Express.js, React.js, Node.js)** for full-stack development.
- Built and deployed **end-to-end web applications** with REST APIs, authentication, and responsive UI design.

JavaScript | [CERTIFICATE](#)

- Completed JavaScript Essentials 1 & 2 certifications from Cisco NetAcad.
- Gained a strong foundation in JavaScript programming, covering syntax, control structures, functions, and problem-solving. Also learned DOM manipulation, events, and object-oriented JavaScript.

Java programming | [CERTIFICATE](#)

- Completed Java Programming (HackerRank) certification, focusing on OOP, data structures and problem-solving.
